

Firefighter Ryan Vogt Website Bio

After years as a clown in a local circus, Ryan promoted to being the mouse at a Chuck E Cheese restaurant.

Deciding that he had meet all his goals in his acting career, after watching an episode of Lonestar 911, decided that this was the career he'd been looking for! He enrolled in a local fire and EMS academy and loved every minute of it, truly realizing this was his calling.

He heard that Jollyville Fire was the best department in central Texas so that is where he set his sights, achieving his goal in 2024 and has been happy here ever since.
