

Lieutenant Dale Miller Website Bio

Lieutenant Miller has already had a busy career in public safety! He volunteered with Leander Fire for 3 years and then decided to attend an EMT and Fire academy in 2009. After graduating, he worked at Marble Falls Fire Rescue for five years as a firefighter and then with Leander Fire Department for six years as a Driver/Engineer. During his time at Leander FD, he was a member of the Williamson County Regional HAZMAT Team and Special Operations/Rescue Team. He then decided to join Jollyville Fire, where he spent five years as a Lieutenant.

In 2021, he had a life change which moved him to Arizona where he “grew up for a couple years.” While there he did a lot of hiking, fishing, chasing waterfalls, and exploring caves. He was a security guard supervisor for the Arizona Cardinals, firefighter with Tonto Basin Fire Department for a year and Pine/Strawberry Fire District for a year before returning to central Texas and back to Jollyville Fire where he’s in his 6th year with the Department.

Off days are spent with my wife and six kids usually spending time outdoors near water or attending one of the kid’s sporting events.
